We are located on 8 acres with 500 feet of Kern River frontage and rated as 3 Diamond with AAA and Mobil Travel Guide. Our guests have included many celebrities and we were awarded the 'BEST BREAKFAST IN CALIFORNIA' by California Weekend Magazine. They said:

"We had our Best Vacation Breakfast at the Whispering Pines Lodge in Kernville, near Bakersfield. The lodge is a delightful place to stay with its wooded setting and cabin-like feel, but we suspect the real reason this place fills up quickly on weekends is the full breakfast. Bed-and-breakfasts seem to run the gamut from those offering a roll and some coffee, to those priding themselves on both the quality and quantity of food they present. The Whispering Pines falls into the latter category with its bacon, sausages, eggs, pancakes, biscuits and gravy, quiche, fruit, rolls, juices and coffee all served up tasty and fresh in an atmosphere that encourages you to go back and fill your plate again."
